

REALTY
MANAGEMENT
ASSOCIATES, INC.

TO: ALL RESIDENTS

FROM: THERESA H. MIMS, PROPERTY MANAGER

SUBJECT: DESTRUCTION OF PROPERTY

DATE: MARCH 25, 1996

Management is constantly repairing and/or painting walls. We are asking that parents discipline and educate their children, regarding the rules of lease agreement. No longer will Management tolerate acts of destruction, defacing and/or littering in and/or around the property. **Fines will be imposed on anyone who chooses to violate their lease agreement.**

We must teach our children to respect where they live. If these acts are committed by outsiders (not visiting residents) this must be reported immediately to the superintendent and to the Main Office (242-1445). If the outsiders are visiting residents, the residents then will assume the responsibility for their visitors.

We would like to thank those residents who do help keep their floors clean.

Management hopes that everyone will co-operate in maintaining their building.
